Robert Malone: Health Freedom Movement or Deep State Denizen

Robert Malone, campaigning around the world as a member of the health freedom movement, may be profoundly immersed in the Deep State of HHS, CDC, FDA, and Department of Defense. In the last five years, a period for which we have information, ending in 2017, Malone obtained and managed \$9.5 billion in government contracts.

Now he is a member of the new NIH agency ACTIV which promotes the Great Reset by bringing together multiple powerful US agencies — from the NIH, FDA, CDC, and DoD with the Bill & Melinda Gates Foundation, and ultimately with a dozen of the top pharmaceutical companies, including Gilead, GlaxoSmithKline, Johnson & Johnson, Merck & Co., Inc., Moderna, Novartis, Novavax, Pfizer.

This has been Malone’s home base for a lifetime — the pharmaceutical industry, military-industrial complex, and the health-industrial complex. The basis for this and much more information is presented in a recent column by Peter and Ginger Breggin on America Out Loud. Our first segment on Robert Malone was an unexpected discussion by me where I felt the necessity to spontaneously catch listeners up with our research.
